

STATE ASSESSORS BOARD LEVEL 4 HOME STUDY COURSES

Home study courses are courses that you may take at home through a computer disk program available in the Microsoft Word program and in hard copy provided in a 3-ring binder. Both versions will be sent to applicants.

Home study courses will soon be available for all level 4 assessor courses. An individual taking a home study course may register with this office, pay the course fee, take the home study course, register for the examination for the course, pay the examination fee, and test for the course. Only course registrants will be eligible to take the examination. Should the individual fail the examination, after 90 days the individual will be eligible to register to take another examination for the course.

Individuals may submit their experience requirements prior to starting the home study courses to insure that they have met the 3-year experience requirement. It is not a requirement that the experience requirement be met before starting home study courses. It is however, a requirement that the 3-year experience requirement be met before certification at level 4 may be granted.
